

Lets Get Started

TimeWise Repair combines extensive research, innovative ingredients & comprehensive testing to target the advanced signs of aging.

STEP ONE: FOAMING CLEANSER

Using a pea sized amount of cleanser & water, create a rich lather and massage over face & neck. Rinse well with a warm wet wash cloth.

STEP TWO: MICRODERMABRASION

With your face still wet, apply the REFINE step to half of your face. Massage it gently for 1 minute and rinse. Pat dry.

Follow with the PORE MINIMIZER on the same side of the face. By only doing half your face you will be able to compare & see results.

STEP THREE: ADVANCED LIFTING SERUM

Draw an imaginary line down the center of your face. Smooth some of the Serum on only one side of your face & neck using an upward and outward motion. This will be your "pampered side" for the rest of the facial.

STEP FOUR: DAY CREAM & NIGHT TREATMENT

If you are doing this in the morning, apply day cream to "pampered side".

If it is in the evening, apply the night cream to "pampered side".

STEP FIVE: EYE RENEWAL CREAM

On the "pampered side", gently pat eye cream around the eye area using your ring finger.
